I feel better.

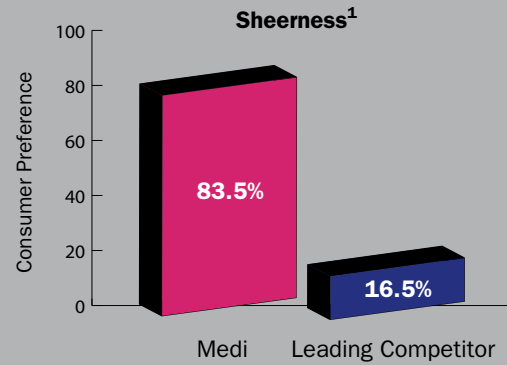

Attractive in appearance, modern in style | Mediven® Sheer & Soft is for today's woman.

Real People. Real Problems. Real Solutions.

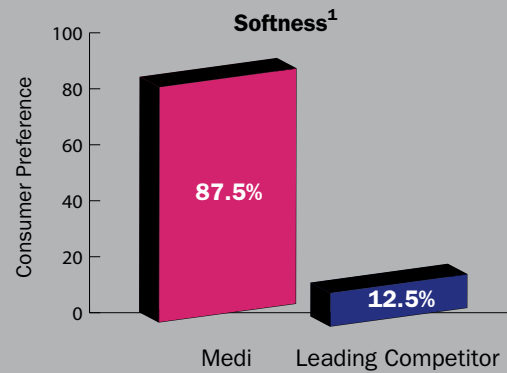

A truly fashionable and effective medical compression stocking that is suitable for day and evening wear.

In a recent survey of likely stocking users, Mediven® Sheer & Soft was chosen as the sheerest.

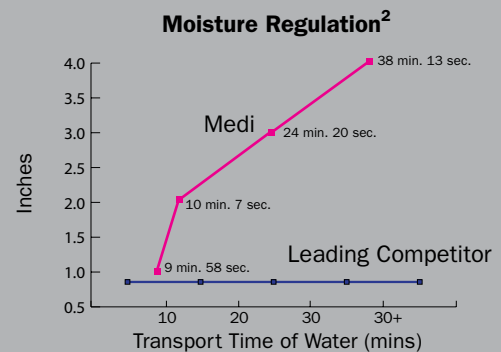

Finding medical compression stockings that are soft and gentle on the skin used to be a challenge ... not anymore.

In that same survey, Mediven® Sheer & Soft was chosen as the softest.

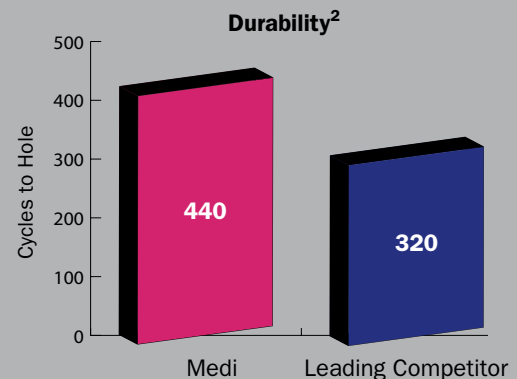

Moisture regulation and wearing comfort while on the entire leg has been an objection ... not anymore.

In an independent laboratory test, Mediven® Sheer & Soft transported moisture faster.

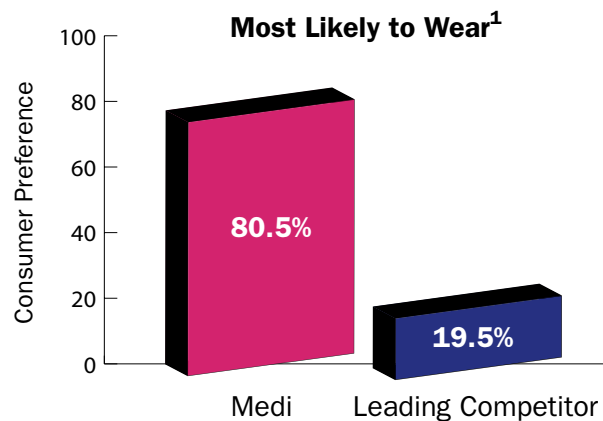

Sheerer. Softer. Better moisture transportation. But is it durable?

In another independent laboratory test, Mediven® Sheer & Soft was proven to be 38% more durable.

Simply put...the customer is always right.

In an independent survey, hundreds of potential stocking users preferred Mediven® Sheer & Soft four to one.

TAKE THE SHEER & SOFT CHALLENGE

- sheerer
- softer
- superior moisture regulation
- more durable
- physician recommended
- consumer preferred
